BRADFORD WHITE[®]

W A T E R H E A T E R S

Please join us on Saturday September 25th at 8:00am. Our focus will be on our Bradford White & LAARS Neotherm, Pennant, and Mighty-Therm 2 volume water heaters. Topics include proper piping and installation requirements, sequence of operation, common troubleshooting and common mistakes we see in the field and how best to avoid them up-front. The goal is to save you and your customers time and aggravation. Knowing what to avoid before the fact makes for satisfied and repeat customers for us all.
