

## **SS AND SU FEATURES**

**LeakSense™** – Intelligent leak detection system detect leaks as small as a grain of sand and provides real-time notifications that warn you before catastrophic failure occurs

**EcoNet® Smart Monitoring Technology with Integrated WiFi\*\*** – Rheem Exclusive! Provides performance updates and alerts via both mobile device and full-color LCD display

**Systematic Health Checks** – Ongoing self-monitoring of Triton's most vital components and alerts of potential issues

**Preventive Maintenance Alerts** – Maintenance reminders help to extend life of the tank

**Built-in Condensate Neutralizer** (Standard on both base and premium models) - Reduces installation time as plumbers no longer need to install this component.

### **Easy Retrofit/Installation**

Multiple Connection Points – Multiple water connections at the top, side and bottom of the unit simplify installation for replacement of any model

Variety of Flexible Venting Options Including InnoFlue® Flex Venting – Polypropylene, PVC, CPVC, InnoFlue® Flex Vent and ABS materials; venting 2, 3, 4 and 6 inch diameters

Patented Built-In Condensate Neutralizer – Reduces water acidity for safe drainage

### **Built to Last**

Triple Pass Heat Exchanger – Constructed with premium ASME-grade steel to minimize rust and corrosion for extended tank life and maximum thermal efficiency

Advanced Power Anodes – Self-adjusting, non-sacrificial power anodes provide systematic monitoring of anode health and remaining life

### **Energy Efficient**

Full Modulation – Maximizes energy savings by optimizing BTU input for specific water heating demand

Scheduling Capability – Adjust to heat water only during peak operating hours when your business needs it most
