DUO COLLECTION

A LOOK LIKE NO OTHER.

That's the idea behind Speakman's new Duo Collection. Mix-and-match your way to a style that's all your own when you add a second metal to your bath fixtures.

From tub spouts to faucets and towel bars to robe hooks, the design options are limitless with the Duo Collection. Choose from finishes in chrome, matte black, brushed nickel or brushed bronze for your base fixture - then choose a sleeve in a different finish for a look that perfectly contrasts and is always in style.
